

## You Are Not Alone

There are a number of families in the US and around the world that have come into the truth of Christian Plural Marriage. Whether your family survives the initial transition to this knowledge depends a great deal on preparation.

Use the resources you find here and on the Biblical Families website to assist you in your preparation spiritually, emotionally and practically.

For those that make the successful transition, there is a new depth of relationship that exists in families, as together that make the journey in being obedient to the Word of God.

# TRUTH IS TRUTH

The ministry of Biblical Families serves to provide guidance and fellowship for husbands and wives regarding the truth of Christian Plural Marriage.

However, even though something is 'true', not all things are expedient. When it comes to a radical concept based on ancient principles, such as Christian Plural Marriage, there are many hurdles to overcome. Remember, there is a societal and religious aversion to this topic, and even the most sincere Christian believers are quick to condemn those who believe in Christian Plural Marriage.

There are literally hundreds of years of cultural bias against this truth. As such, some of those biases filter down to the personal level.

If you are among those husbands who have come into the truth of Christian Plural Marriage, Biblical Families has provided a list of helpful tips as you proceed on your journey.

## 1. Pray For Wisdom

We have this promise from the Scriptures, found in James 1:5,

**"If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him."**

As we approach the subject of Christian Plural Marriage with our spouses and families, we need to have the mind of God, and that is found through prayer.

## 2. Go S-L-O-W

One of the most difficult things to do after discovering the truth of Christian Plural Marriage is to try to do too much, too fast. Many families have learned that the best way to approach this issue is to do it slowly. Ask God to provide the opportunities to share regarding this truth. You may find that God was already at work! Do everything in H-I-S time!

## 3. Study The Word

Make sure that you know WHY you believe what you believe (2 Timothy 2:15). The Biblical Families website, [www.BiblicalFamilies.org](http://www.BiblicalFamilies.org) has a wealth of information on Scriptural resources, study guides and much more that will help you in your study.

## 4. Get Advice

Believe it or not, you are not the first person to have discovered this re-awakening regarding families. There are a number of individuals just like you who have had successes, and yes, failures when it comes to Christian Plural Marriage. The Biblical Families web-site hosts Discussion Forums where you can ask questions, and tap into the wisdom and experience of others.

## 5. Find Fellowship With Like-Minded Believers

One of the most difficult hurdles to overcome in your new walk is finding fellowship with other believers. As is often the case, local churches have a difficult time accepting those who hold to Christian Plural Marriage.

However, Biblical Families provides solutions to meet that need. We offer forums, newsletters, and other material. We are on FaceBook, MySpace, and Twitter.

We also host home groups, and throughout the year we offer retreats in strategic locations to allow families and others to come together for times of worship, teaching, and fellowship.
